## Year 6 in London

Once again Year 6 have had a wonderful 5 days in the capital city—London. Everyone, without exception behaved impeccably and joined in all the activities. I felt very, very proud when walking the children around, through the tube stations, through Museums, on the London Eye, into shops and through countless areas packed with tourists having the general public approaching me and saying how wonderfully behaved and respectful our children are. Of course we know this anyway but it makes it all the more special when other people recognize it as well. We were well and truly shattered when we got back but we have already started putting things into place for next years trip. Present Year 5 Parents need to keep an eye open for the letter coming out, in January, for you to sign your children up for the 2016 Residential to London. WELL DONE YEAR 6

## PARKING

I have received another email from a Parent of a child at this school who is very concerned, as we are too, about the unsafe way Parents, Carers, Child Minders are parking when collecting children. The double yellow lines are there to protect your children. The footpaths are there so that your children have a safe place to walk to get to the cars and across the carpark. Is it going to take a serious accident, or worse, before those collecting children park responsibly? This Parent has asked me to take photographs of offenders and print their pictures on our newsletters (this is what is happening at a school not far from here) but this isn't a route I wish to take. Please, for the sake of the children, park responsibly.
