## LOCAL RESIDENT APPLYING FOR STREET PARKING TO BE FOR PERMIT HOLDERS ONLY!

Over the past few weeks school has received numerous phone calls from local residents that are fed up with not being able to access their own driveways; these calls have come from people living on Woollin Ave., as well as Windsor Oval. The complaints are about our Parents parking on grass verges, and across driveways and when residents confront our Parents they are on the receiving end of verbal abuse. There are complaints of Parents emptying lunch boxes at the side of the road as well as letting the children urinate on the walls and hedges outside of homes. Please put yourselves in the local residents positions. How would you feel if you couldn't get into your driveway or people emptied their rubbish outside your house? Please be respectful and park legally or the ability to park on the road may be removed from you if the application for Residents Parking Only Permits comes to fruition.

### Sport Relief 2016—FRIDAY 18TH MARCH

This year is the year for Sport Relief (not Red Nose Day as on the Calendar given out in September) and we will be recognising this day by encouraging children to come dressed in sports kit of their choosing along with a donation of at least £1 for the charity. I am in awe of the likes of Eddie Izzard trying to complete 27 marathons in 27 days, however, as I write this he is one marathon behind on his schedule but is still 9 more ahead of any I could ever do!

Keep it up Eddie!

We will be organising at least a walk around the playing fields, weather permitting, and for those who wish, a jog.

### FOHT

We would all like to thank FOHT for agreeing to give school £4,000 towards the CleverTouch Screens which every classroom now has; these were fitted over half term and are amazing. Staff have now had training but embarrassingly, the children knew how to use them before we did. HELP! On a more serious note, thank you to every one of you that has contributed by either buying raffle tickets or attending concerts or sending children to disco's etc. Without Parental support and generosity having a new board in every class would not have been possible this year. They certainly help to make learning fun and the resources available are excellent.

### Plant Pots

Our very green fingered Mrs Hudson is in need of plant pots. Not the brown or black plastic ones but larger, old pot ones or bright coloured decorative ones you no longer have use of but they need to be reasonably large. Any pots you no longer require would be greatly received.
